

Omaha Standard

LANDSCAPER BODY

Standard Color is Black

The Omaha Standard Landscaper Body is designed and ruggedly built for durability, strength and convenience and finish painted with an **exclusive high gloss black acrylic electrocoat topcoat** for maximum rust resistance.

With **10 gauge sides and rear gate**, this body is built heavier than any other body on the market and can handle virtually any cargo. The smooth sides allow dumping of all types of material without hangups on any ridges or breaks. Sides are **available in 40" or 52" heights**.

Combined with a rugged Omaha Standard hoist, this body offers a total working unit that delivers superior performance, reliability and long-term value.

Omaha Standard...setting the industry's quality standard for over 80 years.

The 48" wide cargo door on the curb side front swings open to allow for loading of palletted materials, balled trees, shrubs and bagged materials.

All Omaha Standard products are e-coated to make them more durable and corrosion resistant giving you more value for your money.

LANDSCAPER BODY

STANDARD FEATURES

- **10 gauge sides and front** welded to 13 gauge reinforced hat section stakes
- **10 gauge reinforced triple acting 16" tailgate** for dumping or spreading materials
- **10 gauge** punched hole **2-section rear doors** above tailgate
- **48" wide cargo door** on curb side at front of body (with side stiffeners).
- Painted with a **high gloss black acrylic electrocoat topcoat** over a zinc phosphate precoat for maximum durability and rust resistance.
- **Covered by a 3-year/36,000 mile limited warranty**

Tailgate is 16" high and allows for dumping or spreading of material

Triple acting tailgate folds down flat to extend platform length and drops 180° for loading

Side stiffener adds stability and strength to sides when cargo door swings open

Heavy duty hinges with nylon bearings

Doors open and lock to the side of the body with conveniently placed latches that can be operated from ground level.

Dead-bolt style door and tailgate latches include grease zerks for lubrication
