AMERICA'S NO.1 SELLING TRUCK BED COVERS

NEW

TRIFECTA™

TRI-FOLD TONNEAU BY EXTANG

ENGINEERED TO BE A WINNER

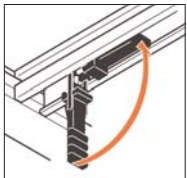

SPEEDKLAMPS™

Extang's extremely strong glass-filled nylon constructed SpeedKlamps™ offer both a rapid-secure & rapid-release system and no tools are needed.

Cab section SpeedKlamps (left) secure by simply tightening, by hand, the threaded clamp with built-in heavy-duty handle.

Tail section SpeedKlamps (left) operate with spring-action technology for instant fasten and release. The clamps conveniently stow away within the rail when not in use.

Hold-Tite™ Straps & Snaps

Security is a must. Extang knows that, designs for it, and tests it aggressively. Our heavy duty luggage-style Hold-Tite™ fasteners are quick and easy to use and adjust. The

Hold-Tite™ straps and snaps combination allow the tonneau to be fully open and safely secured at the cab while driving.

MAXHINGES™

The new Extang MaxHinges™ are double pivot hinges with center link and padded seals. These Extang engineered glass

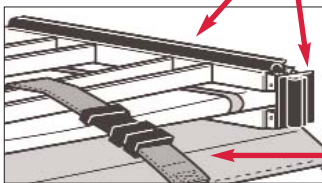

filled nylon hinges are built to last. One of the smallest, but most important parts of the Trifecta tonneau system, they are just another reason why Extang tonneau covers are America's number one selling tonneaus.

WeatherTuff™ Seals

Extang uses pro-grade labyrinth rail seals that exceed OEM standards and provide the best seal possible. Seals at all contact points to protect the truck's finish and keep out the weather and dust. The permi-sealed tarp is pre-attached to rails for a permanent seal and no-gap fit.

WeatherTuff Seals

Hold-Tite Straps & Snaps

EXTANGENGINEERED™ With Precision

NO ASSEMBLY REQUIRED.

The Trifecta tonneau cover has 45° steel corner brackets that provide unparalleled strength. Extang's commercial grade rails and I-beam Monster Bows™ are secured with multiple reinforcements using zinc dichromate, aluminum braces. Together they offer the strongest, professional quality tonneau that Extang Engineering is noted for.

Best Looking...

Where engineering ends, good looks begins. This tonneau system features a rich looking all-black frame. It has a perfectly sewn and tight fitting, double layered vinyl with anti-curl corners. The winning look is all Extang.

Industry's Best Warranty

The Trifecta features a lifetime frame and 10 year tarp warranty - the best in the industry. It's more than enough coverage - it's longer than most folks will own their truck!

Other Helpful Extang Truck & Tonneau Accessories:

Seal it. Protect it.

MaxSeal Tailgate Seal creates a tight seal along the sides and bottom of your tailgate. Keeps dust, rain and snow out of your truck bed. Can be used with all our tonneau covers.

TONNO TONIC

Keep it looking NEW

It cleans, beautifies and protects tonneaus in 1 step! Powerful UV protectant that is formulated precisely for our tonneau material. Tonno Tonic is the only vinyl cleaner and conditioner approved for use on Extang tonneaus.
